

American Glory Allstars Registration  
2010-2011

AGA is looking forward to providing greater Williamsburg families with our continued effort for a fun, and family oriented program of the highest quality instruction. We are proud to be the longest running Allstar program, and the originators of the first competitive cheer teams in Williamsburg through the WYFCL Hornet Team in 2000.

In our many years of serving our athletes and community, AGA's focus has always been on developing confident youth, strong bodies, and teamwork through the sport of cheerleading and art of dance. AGA is also dedicated to training your athletes for middle, high school and college teams and always support the importance of involvement in school sports! AGA has worked with coaches from numerous Williamsburg schools to help provide training facility, camps, and support whenever needed. Join a program that gives back to the community while developing your athletes talents to excel on and off the mat...we welcome you to join our American Glory Family this season!
